Acknowledgement of Risk & Behaviour Consent

Please ensure yourself and your child carefully read the information below as it forms part of the conditions of your booking and you will need to sign overleaf to acknowledge you have read, understood and agree to abide by the information below.

Acknowledgement of Risk

Adventure International would like you to read the following carefully as it may affect the safety of your child and others attending the centre.

There will always be some risk involved in the adventurous activities that we offer. This residual risk is inherent in the activity and cannot be eliminated without destroying the activity or the reason for doing it.

You as parent/guardian and your child recognise the following:

The course may require an attitude and approach different from other activities that your child may have been involved in.

That the nature of the risks may be different to those which your child is familiar with.

That certain inherent risks remain.

Adventure International Ltd has clear obligations and responsibilities and we take these seriously. However, we will be expecting participants to contribute to their own and each others safety by following the instruction of our staff.

You are required to sign (overleaf) to show you have read and understood this document. In signing, it in no way compromises your legal rights. Nor does it release Adventure International Ltd from its obligations towards you and your child. It is merely to make you aware of the risks involved in the activities your child will participate in.

Behaviour Consent
